What happens when the hapless Jules Verne and his friends accidentally place the Earth on a collision course with the moon? The same thing that has always happens when the Moon is on a collision course with the Earth: Disaster. A series of humorous disasters leads a team of characters to reunite with their old high school sweetheart, who has been on a mysterious assignment for the CIA. Check out the latest trailer for Moon 24/7 on Vimeo below. When the Indian government banned the export of Indian and Pakistani films, the ban was quickly lifted in the UK and other European countries, but in the USA, the Alliance of Motion Picture and Television Producers was given a window of 90 days to appeal the ban and reverse it. The AMPTP has appealed the decision, and

the ban is still in place. Both the studios and the film distributor are facing financial problems because of the ban. Guy Pearce plays a man who sees his unborn son stuck in a desert island and rescues him. Using logic, they chart a course back to civilization. The trailer was released earlier this week, and is worth seeing for its weird mixture of drama and comedy. The movie is directed by first time filmmaker Jesse Peretz. Here's the trailer: In what must be an early sign of the American healthcare crisis, actor Mel Gibson will not be appearing in the upcoming movie Rosewater. Gibson's lawyer stated that the actor was too upset following his DUI arrest to do the movie. Ron Howard has decided not to direct the sequel to Apollo 13. In addition to
