"There is a place in a soul where all the shadows of life have left no stain or mark. That place... that's where our child lies." It all starts with a hole in her heart and a lost little girl. Who knows what will grow from that? Play Bruises Glimmer in Starlight and discover exactly how it continues to grow. The cursed Gretta must journey through the streets of the ruined city, enlisting the aid of mortals to climb her way back to the Nightingale. Who are you? You are a filthy and disgusting yet beautiful child. Trapped in a soul that was only meant for night. What is your story? We are both mine. We are half consumed. You are the other half, and it is impossible to live any other way. But your beauty is a painful reminder. You will never be rid of me. Why were you called a "Nightingale?" I woke up one day as a child in a city whose name was now long forgotten. In those days, it was said that the most beautiful children on the earth were once asleep in the Nightingale's lap. Her name was Eve, and we all were called Nightingales. That is where the story of the Nightingale and the Child began. She was pregnant with me, and she still is. Many years later, you found me outside of a house that was once a hospital. Trapped in the flesh, I was lacking just enough strength to walk. And so you carried me inside. But from that day forth, you never closed the door between you and the Nightingale.
